

## **Addendum to committee meeting 26<sup>th</sup> Oct 2022**

Further to the committee meeting on 25<sup>th</sup> Oct, Chairman John and other committee members discussed the proposal and decided to modify it to introduce a 3 week cycle of events. We think this would encourage more members to travel to us, would retain the mixed event on a regular basis and allow decent indoor sessions for RC and FF. Our proposal is that we do this for the 3 month trial from 8<sup>th</sup> Jan 2023 and see how people like the different formats.

The 3 week cycle would be –

**Week 1 - 4 hours mixed flying – RC from 1 to 3pm and FF from 3 to 5pm**

**Week 2 – 4 hours FF**

**Week 3 – 4 hours RC**

This gets rid of the gym as our No1 priority and pretty much satisfies all parties – hopefully long distance members won't leave and we may get new members who want to travel for a 4 hour RC or FF slot but perhaps wouldn't for a 2 hour slot. As an example we have just had a new member who lives near Bishops Stortford and I think that with this format we will expand our membership.

We would still charge the £30 indoor flyer season ticket as members would be getting the same 6 hours flying every 3 weeks for each discipline as they would have done under the mixed flying proposal.
